

I saw Gizmo on Facebook and immediately fell for her sweet eyes and mega ears! After a visit at the shelter, I knew she was going to be a member of my family! She was the perfect fit. Her and her dog sister Mimzy love to go on adventures around town and snuggle on the couch together, but their favorite past time is eating leftovers from C&Js BBQ. I couldn't image life without sweet kisses and hugs from my doggies everyday!
