

The first pet our family adopted from the Aggieland Humane Society was a puppy named McTwist during an event at PetSmart. I turned in the application and got approved because I knew I would not be able to see the dogs and not take one home. We went out to the shelter and just couldn't find "the one". They told us there was a few puppies at PetSmart that had been featured on KBTX that morning. My daughter was with me, and at a little before noon, we came in and found McTwist all alone being the last adoption of the day. It was love at first sight.

My daughter renamed him Kiro, and he's been a member of our family for almost a year now. We call him a dingo dog because he bounds through our hay field like a kangaroo. I will always adopt from the Aggieland Humane Society. I have had wonderful experiences with the staff and volunteers, and even encouraged other family members to adopt and they have successful new additions too.
