

## PITBULL AND CHOW *Wellness Packages*

### FREQUENTLY ASKED QUESTIONS

We would like to thank you for participating in our Pitbull and Chow Wellness Program and helping us to promote responsible pet ownership! Here are a few frequently asked questions that will help the program run smoothly.

**Q: Do I bring my dog?**

A: Yes! The dog needs to be present to get microchipped and to register for the rest of the package. Please ensure that your dog is leashed, and muzzled if necessary.

**Q: When will my dog be spayed/neutered/rabies vaccinated?**

A: Microchipping is done on site, but appointments will be set up for the spay/neuter and rabies vaccination with the vet based on availability.

**Q: What do I need to bring?**

A: Please bring your dog(s), photo ID, and proof of residency.

**Q: What can I expect at the event?**

A: Upon arrival at the event, you will report to our booth to fill out the microchip registration and get your dog microchipped. You will then set up your appointment for your spay/neuter/rabies vaccine with the participating vet.

**Q: What does the voucher cover?**

A: The voucher covers a nationally-registered microchip, a spay/neuter and a rabies vaccination. The package MUST be redeemed as a whole. Exceptions include dogs that are already microchipped or already current on rabies vaccine. The spay/neuter surgery is MANDATORY; it is the reason we have this program.

**Q: What do I do if my microchip information changes?**

A: If any microchip information changes (i.e. address or phone number), please call Aggieland Humane Society so that we can update it for free of charge.

**Q: Is there a maximum number of dogs I can bring?**

A: We limit the program to TWO dogs per family. Additional dogs can be placed on our alternate list in the event that we have extra vouchers.

**Q: What if I just want a microchip?**

A: We will microchip your dog for just \$25!

Thank you again for your participation!
